

## **PEAKINSIGHTS ADVISORY**

**We Build Businesses That Cannot Be Ignored.**

**Clarity is power. Execution is leverage. Discipline is growth.**

PeakInsights is a next-generation advisory firm working with ambitious organizations, founders, CEOs, boards and family enterprises who are done guessing and ready to run their businesses like institutions.

We fix what truly limits growth:

- Financial blindness
- Strategic drift
- Weak execution
- Founder dependency
- Governance gaps

We don't give advice. We build systems, discipline and leadership that win; today and for decades.

PeakInsights is not for everyone. It is for leaders who want to build businesses that scale, endure and dominate.

### **ABOUT US**

#### **Built for Leaders Who Refuse to Plateau**

“If you could get all the people in an organization rowing in the same direction, you could dominate any industry, in any market, against any competition, at any time.”  
— *Patrick Lencioni*

At PeakInsights, we work at the intersection of **finance, strategy and legacy**.

For over a decade, our advisory work has helped organizations:

- Scale sustainably
- Compete effectively
- Build institutions that outlive their founders

We exist to give businesses the **intelligence, systems and clarity** they need to win; not just now, but for generations.

PeakInsights was built on a simple belief:

**A business without financial clarity, execution discipline and aligned leadership will never reach its true potential.**

For over a decade, our advisors have worked across African markets helping organizations:

- Professionalize operations
- Strengthen leadership and governance
- Build scalable financial systems
- Execute strategy with discipline
- Create institutions that outlive founders

We don't chase quick wins. We build **enduring advantage**.

## **OUR VISION**

Business partner of choice, powered by world-class advisors.

## **MISSION**

We unlock the potential of businesses by helping them create value so that they can thrive - for good.

## **WHAT DRIVES US**

- **Leadership**

We set the standard.

- **Integrity**

We do what we say. Always.

- **Teamwork**

Together, we win.

- **Excellence**

The best or nothing.

- **Commitment**

We deliver results.

## **THE PROBLEM WE EXIST TO SOLVE**

Most businesses don't fail. They stall.

- They grow revenue but lose control.
- They hire fast but execution weakens.
- They make decisions without numbers.
- They survive but never fully break through.
- Strategy becomes noise.
- Finance becomes reporting.
- Leadership becomes firefighting.

That's where we come in. PeakInsights steps in when:

- Growth is outpacing control
- Complexity is killing speed
- Founders are still the bottleneck
- Boards are asking harder questions
- Legacy starts to matter

We restore clarity, command and confidence.

## **OUR ADVISORY SERVICES**

### **1. FRACTIONAL CFO**

**Financial Leadership Without Compromise**

## **Your full-time CFO; at a fraction of the cost.**

Fast-growing businesses don't fail because they lack ambition. They fail because they lack financial command.

Our Fractional CFOs give founders and CEOs:

- Clear numbers they can trust
- Forward-looking insight, not hindsight
- Control over cash, risk and growth
- A financial partner at the leadership table

This is not bookkeeping. This is strategic financial leadership.

### **What We Do:**

- Weekly, monthly & board-level financial reporting
- Cashflow control, forecasting & scenario planning
- Tax planning & compliance oversight
- Financial modeling for growth, funding & expansion
- CEO & Board advisory
- Internal controls & risk management frameworks
- Financial literacy & decision-making training for teams

We turn finance from a rear-view mirror into a navigation system.

## **2. GROWTH & TRANSFORMATION ADVISORY**

### **Strategy That Actually Gets Executed**

#### **Re-imagined strategy consulting for modern business.**

We partner with organizations ready to break through stagnation and execute bold transformation.

Most organizations don't need another strategy document. They need clarity, alignment and execution discipline.

### **Where We Step In:**

- When growth has stalled
- When the organization has outgrown its structure
- When execution is breaking down

- When turnaround or restructuring is unavoidable
- When leadership needs to reset direction

#### **What We Deliver:**

- Strategy design & execution roadmaps
- Change management & transformation leadership
- Operating model redesign
- Business turnaround & restructuring
- Process optimization & operational excellence
- Leadership development & culture transformation

Transformation is uncomfortable. We bring structure, courage and momentum.

### **3. FAMILY BUSINESS ADVISORY**

#### **Building Businesses That Survive Generations**

#### **Transforming family enterprises into lasting legacies.**

Family businesses are powerful and fragile. They don't collapse because of markets.

They collapse because of:

- Poor succession planning
- Weak governance
- Unspoken conflict
- Blurred boundaries between family and business

We help families address these issues before they become crises, without destroying relationships.

#### **Our Work Includes:**

- Succession planning & leadership transition
- Governance frameworks & family constitutions
- Family council facilitation
- Business strategy & expansion support
- Wealth structuring & estate planning support
- Next-generation leadership development

Our goal is simple:

Protect the family, strengthen the business and preserve the legacy.

## **OUR TRACK RECORD**

We are anchored in Kenya — but our impact spans Africa.

- 5,000+ businesses supported
- USD 25 billion+ in economic value unlocked
- We consistently help clients grow their sales twofold within 30 months.
- Advisory work spanning SMEs, family businesses, financial institutions and complex organizations

These numbers didn't come from luck. They came from repeating one thing relentlessly:

Turning clarity into execution and execution into results.

When PeakInsights is in the room:

- Numbers become decisions
- Strategy becomes action
- Growth becomes predictable

## **HOW WE THINK**

Most advisory firms stop at recommendations. We don't.

PeakInsights embeds with leadership teams to:

- Fix decision-making at the top
- Build financial muscle across the organization
- Align people, processes and strategy
- Create operating discipline that holds under pressure

We challenge assumptions.

We confront reality.

We stay long enough to make change stick.

This is why our work compounds.

## **WHO WE SERVE**

- Founders building serious companies
- CEOs leading complex organizations
- Family business principals planning succession
- Boards demanding accountability
- Financial institutions and Saccos seeking stability and growth

If you are comfortable with chaos; we are not for you.

If you want **clarity, control and growth**; welcome.

## **OUR PROMISE**

We will not:

- Sugarcoat reality
- Hide behind jargon
- Disappear after a presentation

We will:

- Tell you the truth
- Bring structure where there is confusion
- Build systems that outlast us
- Partner with you step by step

Because real transformation is not advice. It is discipline, decisions and follow-through.

## **OUR LEADERSHIP TEAM**

**Nixon Yebei**

Nixon Yebei is a transformation consultant and founder/CEO of PeakInsights Advisory, where he works with businesses, boards and institutions to fix what truly limits growth; strategy, structure, governance and financial clarity.

Nixon provides overall strategic leadership at PeakInsights, guiding the firm's vision, growth and execution. He is a finance and management professional with deep expertise in strategy consulting, financial leadership and institutional strengthening and over 14 years of experience advising and working with local and global organizations.

Nixon is known for cutting through noise, challenging complacency and driving practical, results-focused transformation. His work focuses on turning organizations from surviving to scaling and from busy to profitable. His edge is brutal clarity, structured thinking and execution that actually moves the needle.

Nixon holds a Master's degree in Business from Strathmore University, a Bachelor's degree in Business from Moi University and an Advanced Professional Certificate in Innovation and Entrepreneurship from Stanford University.

### **Lewis Githaiga**

Lewis Githaiga is a Growth & Transformation Consultant at PeakInsights, working with growth-oriented enterprises to remove the real constraints to scale; unclear finances, weak execution discipline and fragile operating structures.

At PeakInsights, Lewis supports high-impact financial and management consulting engagements helping businesses move from reactive decision-making to disciplined execution.

With over seven years of experience working with and advising both local and global organizations, he has built a strong reputation for delivering practical, results-driven solutions that improve performance, strengthen financial systems and enable sustainable growth for organizations.

Lewis holds a Bachelor's degree in Economics & Finance from Kenyatta University, with CPA qualifications. He is driven by a deep commitment to continuous learning, professional excellence and applying global best practices to build stronger enterprises.
